

**FINANCIAL TECHNOLOGY PARTNERS
ADVISES CORILLIAN IN ITS \$245,000,000
CASH SALE TO CHECKFREE**

***\$5.15 CASH PRICE/SHARE REPRESENTS A 60% PREMIUM
TO MARKET VALUE; A 76% PREMIUM TO ENTERPRISE VALUE***

San Francisco, February 14, 2007 – Financial Technology Partners LP and FTP Securities LLC (together, “FT Partners”) today announced the highly successful sale of Corillian Corp. (“Corillian”) (NASDAQ: CORI) to CheckFree Corp. (“CheckFree”) (NASDAQ: CKFR) for approximately \$245,000,000 in an all cash transaction in the online banking / payments and financial technology sectors.

FT Partners acted as exclusive strategic and financial advisor to Corillian in this transaction and provided a fairness opinion to Corillian's Board of Directors. FT Partners was the sole investment bank involved in the transaction, as CheckFree did not retain investment bankers.

Corillian, the leading provider of online banking, payment and security solutions to the financial services industry, agreed to be acquired by CheckFree for \$5.15 per share in cash. The transaction price represents a 60% premium to market and a 76% premium to enterprise value, as of five trading days prior. With 30 of the top 100 U.S. banks and 21 of the top 100 U.S. credit unions as customers, Corillian serves over 35 million online banking end users. The price paid by CheckFree for Corillian demonstrates the significant strategic value and synergies from combining these two companies.

“FT Partners is extremely proud to have represented Corillian and its distinguished Board of Directors in this highly competitive and strategic sale,” said Steve McLaughlin, FT Partners’ founder and Managing Partner. “Corillian is a leader in banking and financial technology and was highly sought after by a number of the industry’s largest participants on a global scale. The 60% premium to market and the 76% premium to enterprise value are among the highest premiums achieved by a public company in the past 12 months.”

FT Partners was awarded the prestigious honor of “Boutique Investment Bank of the Year” by *The M&A Advisor* in December of 2006 for its continued success in executing transactions and setting new standards of excellence in investment banking.

Selected FT Partners Transactions Demonstrate Leadership in Financial Technology:

- Liquidnet’s \$250 million private financing represented the one of the largest ever U.S.-based minority private equity investment in the technology / financial services sector
- Verus Financial Management’s \$325 million sale to Sage Group was the largest private ISO and second largest private merchant acquiring M&A transaction in the last several years
- Lynk Systems’ \$525 million sale to Royal Bank of Scotland was the largest private financial technology company transaction in previous years
- SoundView Technology Group commanded a 57% premium to market in its sale to Charles Schwab for \$345 million
- VeriFone’s \$177 million IPO was the third best performing IPO in any sector in 2005, ending the year up 170% from the IPO price
- VeriFone’s \$540 million financing was FT Partners’ seventh successful advisory assignment and was used to support its acquisition of Lipman Electronic Engineering
